

# CLG BYOD

## *Student Requirements 2020*

### *Bring Your Own Device*

At Colonel Light Gardens have a Bring Your Own device program for Year 5, 6 and 7 students. We aim to foster a sense of responsibility and personalised access to technology to enhance the students learning. By equipping them with their own device we are empowering them with a tool to communicate, inquire and collaborate.

#### **Where to purchase**

- From any retail outlet of your own choice
- Rundle Mall Apple store, by quoting our school name you will receive education discounts

#### **What else do I need?**

- A protective case
- We recommend purchasing insurance, accidental damage cover.
- Recommended: Bluetooth keyboard, Apple Pencil

#### **The benefits of a BYOD program are:**

- increased student participation due to better access to technology
- increased student driven learning, students have more control over their learning
- better student organisation with easy access to email, calendar and reminders
- personalised learning; students can choose which applications they use to complete investigations and thinking and are able to store all their work on one device, giving them access to their learning anytime and anywhere
- increased student responsibility, in caring for the device
- a better connection with home and school
- supporting the iPad program that students move on to at Unley High school.

#### **iPad Specifications**

---

Apple iPad 9.7 inch  
Wi-Fi Only

---

Minimum of 32GB  
Storage

---

Current models in  
store, iPad 2018

---

2018)

---

Latest operating  
system IOS 12

## Apps for School

Our management system allows the school to remotely push out apps to student owned devices. However these are deleted from the device when they leave the school due to licensing. To ensure that students don't lose their work and creations we ask parents to install some apps required at home. These will all be free apps.

### ***CLG provided apps:***

Printing App, WebDavNav (file sharing), QR reader, Calculator and Voice recorder

### ***Installed at home:***

***Apple:*** free with your iPad, Pages, Numbers, Keynote, iMovie, Garage Band, iTunes U, Podcasts, iBook's, Clips, Swift and Tips.

***Microsoft:*** Word, Excel, PowerPoint, Sway, OneDrive, Office Lens and OneNote

***Other:*** iMotion HD and Sphero EDU

## Starting the Year:

The IT support team will help each student to connect to the WI-FI and school system, such as printing and file sharing. Students just need to ensure that they bring their iPad charged and up-to-date with the latest operating system.

## Home use

We recommend that parents set clear boundaries for their child's use of the iPad at home. For example the iPad should not be used after a certain time and should not be kept in the child's bedroom at night as it may interrupt their sleep. We recommend using and charging devices in a common family area. We also recommend parents use parental controls and use Family sharing to set up the iPad. Please see the Apple support website for more information about parent controls <https://support.apple.com/en-au/HT201304>

## Back ups

We strongly encourage parents to support their children to back up their iPad. This will ensure that they do not lose any work or data if it is lost or damaged. iCloud is a great way to easily back up the iPad wirelessly.
