

CLG BYOD

Student Requirements 2019

Bring Your Own Device

At Colonel Light Gardens have a Bring Your Own device program for Year 6 and 7 students. We aim to foster a sense of responsibility and personalised access to technology to enhance the students learning. By equipping them with their own device we are empowering them with a tool to communicate, inquire and collaborate.

Where to purchase

- From any retail outlet of your own choice
- Rundle Mall Apple store, by quoting our school name you will receive education discounts

What else do I need?

- A protective case
- We recommend purchasing insurance, accidental damage cover.
- Optional: Bluetooth keyboard, Apple Pencil

The benefits of a BYOD program are:

- increased student participation due to better access to technology
- increased student driven learning, students have more control over their learning
- better student organisation with easy access to email, calendar and reminders
- personalised learning; students can choose which applications they use to complete investigations and thinking and are able to store all their work on one device, giving them access to their learning anytime and anywhere
- increased student responsibility, in caring for the device
- a better connection with home and school
- supporting the iPad program that students move on to at Unley High school.

iPad Specifications

Apple iPad 9.7 inch
Wi-Fi Only

Minimum of 32GB
Storage

Current models in
store, iPad 2017 or
2018)

Latest Operating
system, IOS 12

It is important that student iPads are able to be updated with new software and applications. If it is unable to be updated it won't be supported by our school management systems.

Apps for School

Our management system allows the school to remotely push out apps to student owned devices. However these are deleted from the device when they leave the school due to licensing. To ensure that students don't lose their work and creations we ask parents to install some apps required at home. These will all be free apps.

CLG provided apps:

Printing App, WebDavNav (file sharing), QR reader, Calculator and Voice recorder

Installed at home:

Apple: free with your iPad, Pages, Numbers, Keynote, iMovie, Garage Band, iTunes U, Podcasts, iBook's, Clips, Swift and Tips.

Microsoft: Word, Excel, PowerPoint, Sway, OneDrive, Office Lens and OneNote

Other: iMotion HD and Sphero EDU

Starting the Year:

The IT support team will help each student to connect to the WI-FI and school system, such as printing and file sharing. Students just need to ensure that they bring their iPad charged and up-to-date with the latest operating system.

Home use

We recommend that parents set clear boundaries for their child's use of the iPad at home. For example the iPad should not be used after a certain time and should not be kept in the child's bedroom at night as it may interrupt their sleep. We recommend using and charging devices in a common family area. We also recommend parents use parental controls. Please see the Apple support website for more information about parent controls <https://support.apple.com/en-au/HT201304>

Back ups

We strongly encourage parents to support their children to back up their iPad. This will ensure that they do not lose any work or data if it is lost or damaged. iCloud is a great way to easily back up the iPad wirelessly.

Apple Parental Settings

Set Content & Privacy Restrictions

1. Go to Settings and tap Screen Time.
2. Tap Continue, then choose "This is My [Device]" or "This is My Child's [Device]."
 - If you're the parent or guardian of your device and want to prevent another family member from changing your settings, tap Use Screen Time Passcode to create a passcode. Then re-enter the passcode to confirm.
 - If you're setting up Screen Time on your child's device, follow the prompts until you get to Parent Passcode and enter a passcode. Re-enter the passcode to confirm.
3. Tap Content & Privacy Restrictions. If asked, enter your passcode, then turn on Content & Privacy.

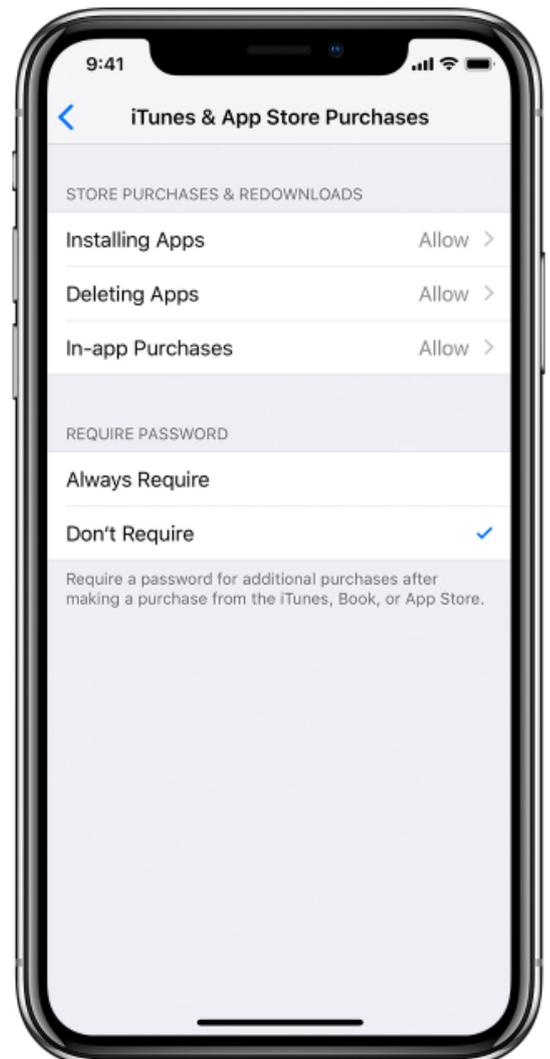

Make sure to choose a passcode that's different from the passcode you use to unlock your device. To change or turn off the passcode on your child's device, tap Settings > Screen Time > [your child's name]. Then tap Change Screen Time Passcode or Turn Off Screen Time Passcode, and authenticate the change with Face ID, Touch ID, or your device passcode.

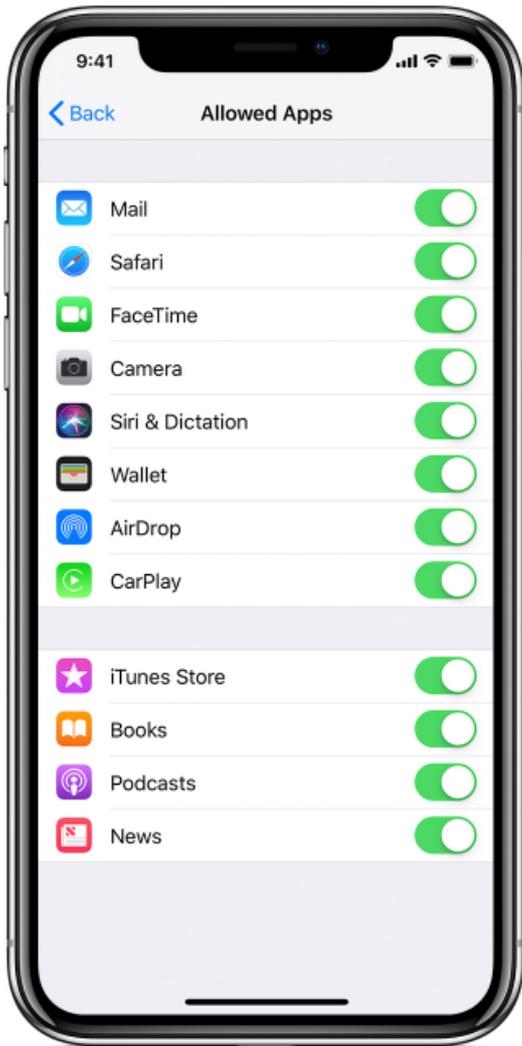

Prevent iTunes & App Store purchases

You can also prevent your child from being able to install or delete apps, make [in-app purchases](#), and more. To prevent iTunes & App Store purchases or downloads:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions. If asked, enter your passcode.
3. Tap iTunes & App Store Purchases.
4. Choose a setting and set to Don't Allow.

You can also change your password settings for additional purchases from the iTunes & App Store or Book Store. Follow steps 1-3, then choose Always Require or Don't Require.

Allow built-in apps and features

You can restrict the use of built-in apps or features. If you turn off an app or feature, it won't delete it, it's just temporarily hidden from your Home screen. For example, if you turn off Mail, the Mail app won't appear on your Home Screen until you turn it back on.

To change your Allowed Apps:

1. Go to Settings > Screen Time.
2. Tap Content & Privacy Restrictions.
3. Enter your Screen Time passcode.
4. Tap Allowed Apps.
5. Select the apps that you want to allow.

Prevent explicit content and content ratings

You can also prevent the playback of music with explicit content and movies or TV shows with specific ratings. Apps also have ratings that can be configured using content restrictions.

To restrict explicit content and content ratings:

1. Go to Settings and tap Screen Time.
2. Tap Content & Privacy Restrictions, then tap Content Restrictions.
3. Choose the settings you want for each feature or setting under Allowed Store Content.

Here are the types of content that you can restrict:

- Ratings For: Select the country or region in the ratings section to automatically apply the appropriate content ratings for that region
- Music, Podcasts & News: Prevent the playback of music, music videos, podcasts, and news containing explicit content
- Music Profiles & Posts: Prevent sharing what you're listening to with friends and seeing what they're listening to
- Movies: Prevent movies with specific ratings
- TV shows: Prevent TV shows with specific ratings
- Books: Prevent content with specific ratings
- Apps: Prevent apps with specific ratings
